

#1 Self Discovery

In a full paragraph, what do you think this display is replicating? (*Explain in 6th-grade writing.*)

List at least 4 observations you notice about the display relative to our current unit, Seasons.

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

You may use your computer to help figure out the correct (put a line through the word that follows that is incorrect) rotation revolution direction.

Each one of the spheres is labeled with a letter – A, B, C, & D. Based on their positions relative, to the Sun, correctly label what season each sphere is in for the northern hemisphere.

- A
- B
- C
- D

What is the reason for the seasons here on Earth?
